EDUCATION

Jawaharlal Nehru New College of Engineering

B.E. in Electronics and Telecommunication — CGPA: 8.7

Shimoga, Karnataka

2022 – 2026

EXPERIENCE

TAP Academy

Java Full Stack Developer Intern

Bengaluru, India

Jan 2026 – Jul 2026

- Completed hands-on training in **Java Full Stack Development**, covering Core Java, JDBC, Servlets, JSP, SQL, HTML, CSS, and JavaScript.
- Developed and deployed web applications following industry-standard coding practices and **Object-Oriented Programming** principles.
- Built full-stack projects including **Food Delivery** and **E-Commerce** applications using Java, JDBC, MySQL, HTML, CSS, and JavaScript.
- Designed and managed relational databases, implementing CRUD operations and optimized SQL queries for efficient data handling.

PROJECTS

Electronic Design Automation using Python | *Python, NumPy, SciPy, Matplotlib*

Sep 2025 – Nov 2025

- Automated electronic design verification workflows using **Python**-based scripting and scientific computing libraries.
- Improved analysis efficiency through numerical computation and visualization techniques.

E-Commerce Website | *HTML5, CSS3, JavaScript, Java, JDBC, MySQL, Apache Tomcat*

Jan 2026 – Mar 2026

- Developed a full-stack **E-Commerce Platform** enabling users to browse, search, and purchase products online.
- Implemented secure authentication and authorization features for customer registration and login.
- Designed a responsive user interface using HTML, CSS, and JavaScript.
- Integrated MySQL databases to manage products, customers, inventory, and order processing.
- Built shopping cart and checkout modules while optimizing database queries for enhanced performance.

Food Delivery Website | *HTML5, CSS3, JavaScript, Java, JDBC, MySQL, Apache Tomcat*

Apr 2026 – Jun 2026

- Developed a full-stack **Food Delivery Platform** allowing users to browse restaurants, place orders, and track deliveries.
- Implemented secure user authentication, order placement, and restaurant management modules.
- Designed responsive frontend interfaces and integrated backend services with MySQL databases.
- Developed CRUD-based menu management and optimized application performance for scalability.

SKILLS

Programming Languages: Java, Python, JavaScript

Frontend: HTML, CSS

Backend: Java, JDBC, Servlets, JSP

Database: MySQL

Core Concepts: Object-Oriented Programming (OOP), MVC Architecture

ACHIEVEMENTS

- Successfully developed and deployed multiple full-stack web applications including E-Commerce and Food Delivery systems.
- Completed intensive Java Full Stack Development training with hands-on project experience.
